

## **Legal Executive**

### **Attewell Clews & Cooper - Whakatane**

We're looking for a talented Legal Executive to come and join our vibrant and busy property team. Ideally you will have 2+ years' experience in residential conveyancing together with an understanding of Trusts. The role will involve supporting our senior practitioners with property transactions and assisting with trust administration. If you have a great attitude, you are a team player and are keen to learn and build practice in the property space, then get in touch!

We are a progressive practice that is driven from an engaging and supportive team environment. We foster a culture of relaxed professionalism and work-life balance. We are passionate about our people, our clients and providing high quality legal advice that is both practical and understandable. In a world of advancing technology, we recognise the importance of enabling our people and connecting with our clients, so we utilise leading edge and practice management software to do just that.

Not only is this a great opportunity to work with a great team, live in a great place! Whakatane is a gateway to endless lifestyle and recreational opportunities and has NZ's most loved Ohope Beach on its doorstep. Spend less time commuting in your car, and more time with your family, the outdoors, your hobbies and the things you love!

If this sounds like the right opportunity for you – we'd like to hear from you.

To apply please email your CV to Peter Attewell email: [p.attewell@acandc.co.nz](mailto:p.attewell@acandc.co.nz)
